Dear Delegates, Colleagues, My Revered teachers,

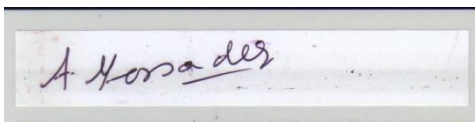

Pleasant greetings!

It is indeed an honored moment to be a part and preside over the 24th Annual conference of TAPASU at KUTRALAM town ship tucked in the foot hills of an off-shoot of the majestic Western Ghats.

I do sincerely hope that the focused scientific deliberations would ignite the younger minds and pave the way for innovations to benefit the Society at large in terms of better health care.

I take this opportunity to congratulate the Organizing team for their endeavor and convey my best wishes for the grand successful out come of the TAPASCON -2019

Regards and best wishes

SECRETARY'S MESSAGE

Greeting from the TAPASU. It has been once again a wonderful year for the association. The new council inducted this year has continued extraordinary work as did the other previous councils. Our member list has risen to above 520, with such a large member list we are probably the single largest urological body. As more and more new institutions are coming up to conduct the mid-term CUE - this now is the beginning of a society that is widening beyond frontiers. It is great that the academic activities of the association has risen to higher levels with the induction of Prof D.Chandrasekaran oration , Challenges in urology & Point counterpoint to the annual conference on a regular basis. The for-coming conference at courtrallam is not going to be anything less than par excellence. I thank the general body for its continuous support to the secretary and the council in both academic as well as all association related activities.

Greetings

G. Chengalvarayan

Dr.G.Chengalvarayan.

Secretary ,TAPASU.
